

Software Exercise: Web Programming Lab

Practice Week #04

HTML Multimedia and Inputs

Problem #1 (40 pts) Follow the code in lecture note (p6, p7, p28, 30p, 42p) and submit snapshots of results with the HTML files.

Problem #2 (40 pts) Create the coffee shop website (internal.html) that meets some requirements and uses an internal and inline style sheet with the following layout:

- Apply more than 4 text styles and more than 2 color expressions
- Use an internal style sheet with a variety of selectors
- Emphasize menus using the font style
- Make an link to an favorite café site or blog such as <https://www.starbucks.com/> and style an element when a user mouses over it

Problem #3 (20 pts) Change the coffee shop website (internal.html) to the html document (external.html) using an external style sheet (external.css)

- You have to submit external.html and external.css

Submission Guidelines

- ✚ A compressed file named W04_ID_NAME.zip via icampus
 - A parent folder named W04_ID_NAME
 - Inside the parent folder, for each problem, create a subfolder named ***Problem#***, and put the corresponding file(s) into the folder. You will get -3 points per violated problem if violating this requirement.
- ✚ Grading policies:
 - Your comments (if any) must be written in ENGLISH
 - Clean code, good commenting are important components of your grade
